1. Company Overview & Mission

Management

Company Profile

Document Code	OIL-MGT-001	Effective Date	01 Jan 2026
Version	3.0	Policy Owner	Board Secretariat
Classification	Internal Use Only	Review Cycle	Annual

Olympic Industries Limited (referred to in this document as "the Company" or "OIL") is presented here as a diversified manufacturing organization operating in the fast-moving consumer goods (FMCG) sector, with production facilities, distribution networks, and corporate offices across multiple locations. This sample profile is intended to provide contextual background for internal policy documents contained in this manual.

Mission Statement

To manufacture and deliver high-quality, safe, and affordable consumer products that improve the everyday lives of customers, while maintaining the highest standards of integrity, innovation, and environmental responsibility.

Vision Statement

To be recognized as one of the most trusted and forward-looking manufacturing groups in the region, known for operational excellence, employee wellbeing, and sustainable growth.

Core Values

- Integrity – Conducting business with honesty and transparency at every level.
- Quality – Upholding rigorous product and process standards.
- Innovation – Continuously improving products, processes, and technology.
- People First – Investing in employee growth, safety, and wellbeing.
- Sustainability – Minimizing environmental impact across operations.

Organizational Structure

The Company operates through fourteen functional departments: Human Resources, Finance, Procurement, Manufacturing, Quality Assurance, Supply Chain, Sales & Marketing, Information Technology, Administration, Legal, Compliance, Management/Strategy, Product Development, and Research & Development. Each department maintains its own set of standard operating procedures (SOPs) and policies, several of which are summarized in this manual.

2. HR Department

HR Department

2.1 Employee Handbook

Document Code	OIL-HR-001	Effective Date	01 Jan 2026
Version	5.2	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

This Employee Handbook outlines the general terms of employment, expected workplace conduct, and the benefits available to all confirmed and probationary employees of Olympic Industries Limited. All employees are required to read and acknowledge this handbook upon joining.

2.1.1 Working Hours

Standard working hours for office staff are from 9:00 AM to 6:00 PM, Sunday through Thursday, with a one-hour lunch break between 1:00 PM and 2:00 PM. Factory/production staff follow a shift-based schedule (Morning: 6:00 AM–2:00 PM, Afternoon: 2:00 PM–10:00 PM, Night: 10:00 PM–6:00 AM) as determined by the Production Planning department.

2.1.2 Employment Categories

- Probationary Employee – First 3 to 6 months of employment, subject to performance review.
- Confirmed/Permanent Employee – Following successful completion of probation.
- Contractual Employee – Fixed-term employment for specific projects or seasonal needs.
- Intern/Trainee – Short-term engagement for skill development, typically 3–6 months.

2.1.3 Compensation & Payroll

Salaries are disbursed on the 7th working day of each month via direct bank transfer. Salary structure includes Basic Pay, House Rent Allowance (HRA), Medical Allowance, Conveyance Allowance, and applicable Festival Bonuses (two per year, equivalent to one month's basic salary each), in accordance with the Bangladesh Labour Act, 2006 (as amended).

2.1.4 Employee Conduct

Employees are expected to maintain professionalism, punctuality, and respect toward colleagues, supervisors, and external stakeholders at all times. Any violation of the Code of Conduct is subject to disciplinary action as outlined in Section 2.5.

2.2 Leave Policy

Document Code	OIL-HR-002	Effective Date	01 Jan 2026
Version	4.0	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

This policy defines the types, entitlement, and approval process for employee leave, in compliance with the Bangladesh Labour Act, 2006 and Company practice.

2.2.1 Types of Leave

Leave Type	Annual Entitlement	Notes
Casual Leave (CL)	10 days	Non-accumulative; for urgent personal matters
Sick Leave (SL)	14 days	Medical certificate required beyond 3 consecutive days
Earned Leave (EL)	1 day per 18 days worked	Accumulative up to 40 days; encashable on separation
Maternity Leave	16 weeks (112 days)	As per Bangladesh Labour Act provisions
Paternity Leave	5 working days	To be availed within 1 month of childbirth
Festival Leave	As per Holiday Calendar	Aligned with national/religious holidays
Bereavement Leave	3 working days	For immediate family members

2.2.2 Leave Application Process

All leave requests must be submitted through the HR Management System (HRMS) at least 3 working days in advance, except for sick leave or emergencies. Approval authority rests with the immediate supervisor, followed by Department Head sign-off for leave exceeding 5 consecutive days.

2.2.3 Unauthorized Absence

Absence without prior approval or notification for more than 3 consecutive working days may be treated as job abandonment and can result in disciplinary action, up to and including termination, as per the Exit Policy (Section 2.6, referenced separately).

2.3 Attendance Policy

Document Code	OIL-HR-003	Effective Date	01 Jan 2026
Version	2.1	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

All employees must record attendance using the biometric attendance system installed at each office and factory location. This policy applies uniformly to all employment categories.

2.3.1 Grace Period & Late Arrival

- A grace period of 15 minutes is allowed after the scheduled start time.
- Arrivals beyond the grace period are logged as 'Late' and require supervisor acknowledgment.
- Three late arrivals within a calendar month will result in a formal HR notice.
- Repeated late attendance (5+ instances/month) may result in a deduction equivalent to half a day's pay.

2.3.2 Remote/Field Work

Employees engaged in field sales, distribution, or authorized remote work must log attendance via the mobile HRMS application with GPS verification, and report daily activity summaries to their respective supervisors.

2.4 Recruitment Policy

Document Code	OIL-HR-005	Effective Date	01 Jan 2026
Version	3.3	Policy Owner	Head of Talent Acquisition
Classification	Internal Use Only	Review Cycle	Annual

This policy governs the end-to-end recruitment lifecycle, from manpower requisition to final offer, ensuring a fair, merit-based, and transparent hiring process across all departments.

2.4.1 Recruitment Workflow

- Manpower Requisition Form (MRF) submitted by the requesting department and approved by Department Head.
- Job posting on internal and external platforms; internal candidates given first consideration.
- Screening and shortlisting by HR Talent Acquisition team based on defined job criteria.
- First interview with HR; technical/functional interview with the relevant Department Head.
- Reference check and salary negotiation.
- Offer letter issuance and onboarding scheduling.

2.4.2 Equal Opportunity Statement

Olympic Industries Limited is committed to equal opportunity employment. Hiring decisions are based solely on qualifications, experience, and merit, without regard to gender, religion, ethnicity, or disability status, in line with applicable labour regulations.

2.5 Code of Conduct

Document Code	OIL-HR-010	Effective Date	01 Jan 2026
Version	2.4	Policy Owner	Head of HR / Compliance
Classification	Internal Use Only	Review Cycle	Annual

All employees, contractors, and third-party representatives acting on behalf of the Company are expected to adhere to the following standards of conduct at all times.

2.5.1 Workplace Behavior

- Zero tolerance for harassment, discrimination, or bullying of any kind.
- Confidential company information must not be disclosed to unauthorized parties.
- Conflicts of interest must be disclosed to the relevant Department Head and HR.
- Acceptance of gifts or favors from vendors/customers beyond nominal value is prohibited.
- Use of company assets (IT equipment, vehicles, funds) is restricted to authorized business purposes.

2.5.2 Disciplinary Process

Violations are addressed through a progressive disciplinary framework: verbal warning, written warning, suspension, and termination, depending on the severity and recurrence of the violation. Serious misconduct (fraud, theft, harassment, safety violations) may result in immediate termination following an internal inquiry.

3. Finance Department

Finance Department

3.1 Expense Policy

Document Code	OIL-FIN-004	Effective Date	01 Jan 2026
Version	3.1	Policy Owner	Chief Financial Officer
Classification	Internal Use Only	Review Cycle	Annual

This policy establishes guidelines for the submission, approval, and reimbursement of business-related expenses incurred by employees in the course of their duties.

3.1.1 Expense Categories & Limits

Category	Approval Required Above	Reimbursement Timeline
Local Travel (Taxi/Ride-share)	BDT 2,000/day	Within 7 working days
Inter-city Travel	BDT 5,000	Within 10 working days
Client Entertainment	BDT 3,000	Within 10 working days
Office Supplies	BDT 1,500	Within 7 working days
Accommodation (Business Trip)	BDT 8,000/night	Within 10 working days

3.1.2 Submission Process

All expense claims must be submitted through the Finance ERP module with original receipts attached within 15 calendar days of expenditure. Claims submitted after 30 days will require CFO-level approval and may be rejected at Finance's discretion.

3.1.3 Non-Reimbursable Items

- Personal entertainment, alcohol, or non-business-related expenses.
- Traffic fines or penalties incurred due to employee negligence.
- Expenses lacking valid receipts or supporting documentation.

3.2 Payment Approval Process

Document Code	OIL-FIN-006	Effective Date	01 Jan 2026
Version	2.8	Policy Owner	Chief Financial Officer
Classification	Internal Use Only	Review Cycle	Annual

This SOP defines the authorization matrix for all outgoing company payments to ensure appropriate financial control and segregation of duties.

3.2.1 Approval Matrix

Payment Amount (BDT)	Approving Authority
Up to 50,000	Department Manager
50,001 – 500,000	Department Head + Finance Manager
500,001 – 2,000,000	Finance Head + CFO
Above 2,000,000	CFO + Managing Director

3.2.2 Payment Methods

Vendor payments are processed via bank transfer (RTGS/BEFTN) or crossed cheque only. Cash payments are restricted to petty cash disbursements under BDT 5,000, managed through the Cash Management SOP.

4. Procurement Department

Procurement Department

4.1 Purchase Policy & Vendor Evaluation

Document Code	OIL-PRC-002	Effective Date	01 Jan 2026
Version	3.6	Policy Owner	Head of Procurement
Classification	Internal Use Only	Review Cycle	Annual

This policy governs the sourcing, evaluation, and procurement of raw materials, packaging, machinery, and general goods/services required for Company operations.

4.1.1 Procurement Process

- Purchase Requisition (PR) raised by the requesting department in the ERP system.
- For purchases above BDT 200,000, a minimum of three vendor quotations (RFQ) is mandatory.
- Tender process required for procurement exceeding BDT 5,000,000, managed by the Tender Committee.
- Purchase Order (PO) issued only after budget verification by Finance.
- Goods Receipt Note (GRN) raised by Warehouse upon delivery, subject to QA inspection where applicable.

4.1.2 Vendor Evaluation Criteria

Criteria	Weight
Price Competitiveness	30%
Quality & Consistency	25%
Delivery Timeliness	20%
Compliance & Documentation	15%
After-sales Support	10%

4.1.3 Approved Vendor List (AVL)

Only vendors listed on the Approved Vendor List, reviewed annually by the Procurement Committee, may be engaged for recurring purchases. New vendor onboarding requires submission of trade license, TIN/VAT certificate, and bank solvency certificate.

5. Manufacturing Department

Manufacturing Department

5.1 SOP Manual (Production Operations)

Document Code	OIL-MFG-001	Effective Date	01 Jan 2026
Version	6.0	Policy Owner	Head of Manufacturing
Classification	Internal Use Only	Review Cycle	Annual

This manual provides standard operating procedures for core production activities across all manufacturing lines, ensuring consistency, safety, and product quality.

5.1.1 Pre-Production Checklist

- Verify machine cleaning log and sanitation status (GMP compliance).
- Confirm raw material batch numbers against the Production Order.
- Calibrate weighing and measuring instruments per the Maintenance Schedule.
- Verify operator PPE (Personal Protective Equipment) compliance before line start-up.

5.1.2 Batch Processing Guidelines

Each production batch must be assigned a unique Batch Number following the format YYMMDD-LINE-SEQ (e.g., 260122-L3-001). Batch records must capture raw material lot numbers, start/end time, operator ID, in-process quality checks, and yield reconciliation. Any deviation from the standard formulation must be documented and approved by the Production Manager and QA.

5.1.3 Line Changeover Procedure

Changeover between product variants requires full line clearance, verified by both Production and QA supervisors, to prevent cross-contamination. A Line Clearance Checklist must be signed before the new batch commences.

5.2 Safety Manual

Document Code	OIL-MFG-005	Effective Date	01 Jan 2026
Version	4.2	Policy Owner	Head of HSE
Classification	Internal Use Only	Review Cycle	Annual

Workplace safety is a shared responsibility across all levels of the organization. This manual outlines mandatory safety protocols for factory premises.

5.2.1 Personal Protective Equipment (PPE)

Work Area	Mandatory PPE
Production Floor	Hair net, safety shoes, uniform, gloves
Boiler / Utility Room	Helmet, ear protection, heat-resistant gloves
Chemical Handling / Lab	Safety goggles, apron, chemical-resistant gloves, mask
Warehouse / Loading Bay	Safety shoes, high-visibility vest, helmet (forklift zones)

5.2.2 Incident Reporting

Any workplace accident, near-miss, or unsafe condition must be reported to the shift supervisor immediately and logged in the Incident Report Register within 24 hours. HSE conducts root-cause investigation for all incidents resulting in injury or production downtime.

6. Quality Assurance (QA/QC)

Quality Assurance Department

6.1 Quality Manual

Document Code	OIL-QA-001	Effective Date	01 Jan 2026
Version	5.5	Policy Owner	Head of Quality Assurance
Classification	Internal Use Only	Review Cycle	Annual

This Quality Manual defines the Company's Quality Management System (QMS), aligned with ISO 9001 principles, to ensure consistent product quality and regulatory compliance.

6.1.1 Quality Control Checkpoints

- Incoming Quality Check (IQC) – Raw material and packaging inspection upon receipt.
- In-Process Quality Check (IPQC) – Periodic sampling during production runs.
- Finished Goods Quality Check (FGC) – Final inspection before warehouse release.
- Stability & Shelf-Life Testing – Conducted per product category testing frequency.

6.1.2 Product Testing SOP

All finished products are tested against approved specifications for physical, chemical, and microbiological parameters (as applicable) before release. Test results are recorded in the Laboratory Information Management System (LIMS) and retained for a minimum of 3 years.

6.2 CAPA Guideline

Document Code	OIL-QA-007	Effective Date	01 Jan 2026
Version	2.9	Policy Owner	Head of Quality Assurance
Classification	Internal Use Only	Review Cycle	Annual

The Corrective and Preventive Action (CAPA) process ensures systematic resolution of quality non-conformances and customer complaints.

6.2.1 CAPA Workflow

- Step 1: Identification & logging of non-conformance/complaint in the CAPA register.
- Step 2: Root cause analysis using the 5-Why or Fishbone methodology.
- Step 3: Corrective action implementation with assigned owner and target date.
- Step 4: Preventive action to eliminate recurrence risk.
- Step 5: Effectiveness verification within 30–90 days of closure.

6.2.2 Complaint Handling

Customer complaints received via Sales, Distributors, or the Consumer Helpline must be logged within 24 hours and acknowledged to the complainant within 48 hours, with resolution targeted within 15 working days depending on severity classification.

7. Supply Chain Department

Supply Chain Department

7.1 Warehouse SOP

Document Code	OIL-SCM-002	Effective Date	01 Jan 2026
Version	3.4	Policy Owner	Head of Supply Chain
Classification	Internal Use Only	Review Cycle	Annual

This SOP governs the receiving, storage, and dispatch of raw materials and finished goods across Company warehouses, following First-Expiry-First-Out (FEFO) principles.

7.1.1 Inbound Process

- Verify delivery against Purchase Order and accompanying documents (invoice, packing list).
- Conduct quantity and visual quality check; route to QA for sampling where required.
- Update stock in the Warehouse Management System (WMS) upon GRN completion.
- Store per product-specific storage conditions (temperature, humidity, stacking height).

7.1.2 Outbound / Dispatch Process

Dispatch is executed strictly against approved Sales Orders or Stock Transfer Notes. Loading is verified against picking lists, and Delivery Challans are generated in the WMS prior to vehicle departure. Cold-chain products (where applicable) are dispatched in temperature-controlled vehicles with logged temperature monitoring.

7.1.3 Inventory Reconciliation

Physical stock counts are conducted monthly for fast-moving items and quarterly for the full warehouse inventory. Variances beyond the 0.5% tolerance threshold require investigation and sign-off by the Warehouse Manager and Internal Audit.

8. Sales & Marketing

Sales & Marketing Department

8.1 Sales & Dealer Policy

Document Code	OIL-SLM-003	Effective Date	01 Jan 2026
Version	4.1	Policy Owner	Head of Sales
Classification	Internal Use Only	Review Cycle	Annual

This policy governs the Company's relationship with distributors and dealers, including credit terms, territory allocation, and trade incentive structures.

8.1.1 Distributor Appointment Criteria

- Minimum warehouse space and cold-chain capability (where applicable) as per Area Sales Manager assessment.
- Financial capacity to maintain minimum security deposit as per territory classification.
- Adequate distribution fleet to cover assigned outlets within agreed frequency.
- No conflict of interest with directly competing FMCG portfolios.

8.1.2 Credit & Payment Terms

Standard distributor credit terms are 15 days from invoice date, subject to credit limit approval by the Regional Sales Manager and Finance. Overdue accounts beyond 30 days are placed on automatic supply hold pending settlement.

8.1.3 Trade Incentive Guidelines

Volume-based incentives, festival trade offers, and secondary sales schemes are communicated via official Trade Circulars issued by the Marketing department and are valid only for the specified campaign period.

9. IT Department

IT Department

9.1 IT & Cyber Security Policy

Document Code	OIL-IT-002	Effective Date	01 Jan 2026
Version	3.7	Policy Owner	Head of IT
Classification	Internal Use Only	Review Cycle	Annual

This policy establishes minimum security standards for the use of Company IT assets, networks, and information systems by all employees and contractors.

9.1.1 Password Policy

- Minimum 10 characters, including uppercase, lowercase, number, and special character.
- Passwords must be changed every 90 days and cannot repeat the last 5 passwords used.
- Multi-factor authentication (MFA) is mandatory for ERP, email, and VPN access.
- Passwords must never be shared, written down, or stored in unencrypted files.

9.1.2 Acceptable Use

Company IT resources (laptops, email, internet access) are provided for business purposes. Limited personal use is permitted provided it does not interfere with productivity, violate law, or compromise network security. Installation of unauthorized/unlicensed software is prohibited.

9.1.3 Data Backup & Disaster Recovery

Critical business systems are backed up daily with off-site replication. The Disaster Recovery Plan targets a Recovery Time Objective (RTO) of 8 hours and Recovery Point Objective (RPO) of 1 hour for core ERP and financial systems, tested semi-annually.

10. Administration Department

Administration Department

10.1 Office & Vehicle Policy

Document Code	OIL-ADM-001	Effective Date	01 Jan 2026
Version	2.6	Policy Owner	Head of Administration
Classification	Internal Use Only	Review Cycle	Annual

This policy covers general office administration matters including visitor management, company vehicle usage, and office asset handling.

10.1.1 Visitor Policy

- All visitors must register at the reception with valid photo identification.
- Visitor badges must be worn visibly at all times within Company premises.
- Factory floor visits require prior approval from the relevant Department Head and safety briefing.

10.1.2 Company Vehicle Usage

Company vehicles are allocated based on role requirements and are to be used strictly for official business. Drivers must maintain a trip log, and vehicles undergo mandatory maintenance checks every 5,000 km. Personal use of company vehicles requires prior written approval from the Administration Head.

10.1.3 Meeting Room Guidelines

Meeting rooms are booked via the internal calendar system on a first-come, first-served basis, with priority given to client-facing and leadership meetings. Rooms must be vacated promptly at the scheduled end time.

11. Legal Department

Legal Department

11.1 Legal Compliance Manual

Document Code	OIL-LEG-001	Effective Date	01 Jan 2026
Version	3.0	Policy Owner	Head of Legal Affairs
Classification	Internal Use Only	Review Cycle	Annual

This manual summarizes the Company's approach to legal compliance across corporate, commercial, and regulatory matters.

11.1.1 Contract Management

- All external contracts must be reviewed by the Legal department prior to signing.
- Standard Non-Disclosure Agreements (NDAs) are mandatory for third parties accessing confidential information.
- Contract signing authority follows the Company's Delegation of Authority (DOA) matrix.
- Executed contracts are logged in the Central Contract Repository with renewal reminders.

11.1.2 Regulatory Compliance

The Legal department maintains a compliance calendar tracking statutory filings under the Companies Act, 1994, Bangladesh Labour Act, 2006, VAT and Income Tax regulations, and relevant industry-specific licenses (BSTI, DGDA, Fire License, Environmental Clearance Certificate) to ensure timely renewal.

12. Compliance Department

Compliance Department

12.1 Factory Compliance & Fire Safety Manual

Document Code	OIL-CMP-004	Effective Date	01 Jan 2026
Version	3.9	Policy Owner	Head of Compliance
Classification	Internal Use Only	Review Cycle	Annual

This manual outlines the Company's factory compliance framework in accordance with BSTI, Bangladesh National Building Code (BNBC), and Fire Prevention regulations.

12.1.1 Fire Safety Requirements

- Fire extinguishers inspected monthly and serviced annually by a certified vendor.
- Fire drills conducted quarterly for all factory and office locations, with attendance logs maintained.
- Emergency exits and evacuation routes must remain unobstructed at all times.
- Fire Safety Committee reviews incident reports and readiness status monthly.

12.1.2 Environmental Compliance

Effluent Treatment Plant (ETP) discharge is monitored monthly against Department of Environment (DoE) standards. Solid waste segregation (organic, recyclable, hazardous) is mandatory across all production facilities, with hazardous waste disposed of through DoE-licensed contractors only.

13. Management

Management / Strategy Office

13.1 KPI & Performance Framework

Document Code	OIL-MGT-012	Effective Date	01 Jan 2026
Version	2.2	Policy Owner	Strategy & Planning Office
Classification	Internal Use Only	Review Cycle	Annual

This framework outlines how departmental and individual Key Performance Indicators (KPIs) are defined, tracked, and reviewed in alignment with the Company's annual strategic plan.

13.1.1 KPI Review Cycle

- Annual strategic goals cascaded to department-level KPIs each January.
- Quarterly Business Reviews (QBR) held with department heads to track progress against targets.
- Individual performance appraisals conducted bi-annually (Section 2, HR Performance Appraisal Guideline).
- Board Meeting Minutes and KPI dashboards are maintained centrally by the Strategy & Planning Office.

13.1.2 Sample KPI Categories

Typical KPI categories tracked include Revenue Growth, Gross Margin, On-Time-In-Full (OTIF) delivery rate, Customer Complaint Resolution Time, Employee Attrition Rate, and Safety Incident Frequency Rate, each reported through the monthly Management Information System (MIS) pack.

14. Product Department

Product Department

14.1 Product Specification Guideline

Document Code	OIL-PRD-003	Effective Date	01 Jan 2026
Version	2.5	Policy Owner	Head of Product Development
Classification	Internal Use Only	Review Cycle	Annual

This guideline defines the documentation standards for product specifications, ensuring alignment between R&D, Manufacturing, QA, and Packaging teams.

14.1.1 Specification Document Contents

- Product name, SKU code, and category classification.
- Formulation/ingredient list with approved supplier sources.
- Physical, chemical, and sensory specification ranges.
- Packaging specification, including barcode and labeling requirements per BSTI standards.
- Shelf-life and recommended storage conditions.

14.1.2 Change Control

Any modification to an existing product specification (formulation, packaging, or labeling) must go through the Change Control process, requiring sign-off from R&D, QA, Manufacturing, and Regulatory Affairs prior to implementation.

15. Research & Development

R&D Department

15.1 R&D Trial Report Framework

Document Code	OIL-RND-002	Effective Date	01 Jan 2026
Version	1.8	Policy Owner	Head of R&D
Classification	Internal Use Only	Review Cycle	Annual

This framework standardizes how product development trials are documented, from initial concept through pilot-scale and commercial validation.

15.1.1 Trial Documentation Requirements

- Trial objective and hypothesis.
- Formulation variables tested and control/reference sample used.
- Process parameters (temperature, time, mixing speed, etc.) recorded per trial run.
- Sensory panel evaluation results and QA testing outcomes.
- Recommendation for scale-up, rejection, or further iteration.

15.1.2 Product Improvement Reports

Post-launch, R&D conducts periodic Product Improvement Reviews incorporating consumer feedback, QA complaint trends, and competitive benchmarking to identify opportunities for formulation or packaging enhancement, submitted quarterly to the Product Development Steering Committee.

2A. HR Department — Additional Policies

HR Department

2.6 Salary Structure

Document Code	OIL-HR-011	Effective Date	01 Jan 2026
Version	3.5	Policy Owner	Head of Compensation & Benefits
Classification	Internal Use Only	Review Cycle	Annual

The Company follows a grade-based salary structure aligned with market benchmarking, reviewed annually by the Compensation & Benefits team.

Grade	Designation Band	Monthly Gross Range (BDT)
G1–G2	Officer / Sr. Officer	28,000 – 55,000
G3–G4	Assistant Manager / Manager	55,001 – 110,000
G5–G6	Senior Manager / AGM	110,001 – 220,000
G7+	GM / Director	220,001 and above

Gross salary comprises Basic (60%), House Rent (25%), Medical Allowance (10%), and Conveyance Allowance (5%). Annual increment is performance-linked, typically ranging between 5% and 12%, effective each July following the annual appraisal cycle.

2.7 Benefits & Medical Policy

Document Code	OIL-HR-013	Effective Date	01 Jan 2026
Version	2.9	Policy Owner	Head of Compensation & Benefits
Classification	Internal Use Only	Review Cycle	Annual

This policy outlines non-cash and health-related benefits available to confirmed employees.

- Group Life & Hospitalization Insurance covering employee and up to 4 dependents.
- Annual health check-up for employees at Grade G4 and above.
- Outpatient medical reimbursement up to BDT 15,000 per year for confirmed employees.
- Provident Fund: 10% employee contribution matched by 10% Company contribution, vested after 3 years.
- Gratuity as per the Bangladesh Labour Act, 2006, payable upon separation after 1+ years of service.
- Subsidized factory canteen and transport service on designated routes.

2.7.1 Medical Emergency Procedure

In case of a workplace medical emergency, employees should contact the on-site medical officer (factory locations) or the Admin helpdesk, who will coordinate transport to the nearest empanelled hospital under the Group Insurance scheme.

2.8 Dress Code Policy

Document Code	OIL-HR-014	Effective Date	01 Jan 2026
Version	1.6	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

Office employees are expected to maintain business-casual attire from Sunday to Wednesday, with smart-casual permitted on Thursdays. Factory floor employees must wear the assigned Company uniform and safety gear at all times during working hours, per the Safety Manual (Section 5.2). Client-facing roles (Sales, Management) are required to wear formal business attire during external meetings.

2.9 Probation & Confirmation Policy

Document Code	OIL-HR-016	Effective Date	01 Jan 2026
Version	2.3	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

New employees serve a probation period of 3 months (staff) or 6 months (management/technical roles), during which performance and conduct are formally reviewed.

- Probation review conducted by the direct supervisor at the midpoint and end of the probation period.
- Confirmation is granted upon satisfactory performance rating and HR sign-off.
- Probation may be extended by up to 3 months in cases of borderline performance, with clear improvement targets.
- Termination during probation requires 7 days' written notice or payment in lieu, per Company policy.

2.10 Promotion Policy

Document Code	OIL-HR-017	Effective Date	01 Jan 2026
Version	2.0	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

Promotions are considered annually, aligned with the performance appraisal cycle, and are based on demonstrated performance, competency growth, and availability of a suitable role at the next grade.

- Minimum 1 year in current grade required for promotion eligibility (2 years for cross-functional moves).
- Promotion requires an appraisal rating of 'Exceeds Expectations' or higher in the most recent cycle.
- Promotion recommendations are reviewed by the Department Head and approved by the HR Promotion Committee.

2.11 Training & Development Manual

Document Code	OIL-HR-019	Effective Date	01 Jan 2026
Version	3.1	Policy Owner	Head of Learning & Development
Classification	Internal Use Only	Review Cycle	Annual

The Company invests in continuous employee development through structured training programs delivered across three tracks: Onboarding, Functional Skills, and Leadership Development.

- Onboarding Training: Mandatory 3-day induction covering Company policies, safety, and systems.
- Functional Training: Role-specific technical training, minimum 20 hours per employee annually.
- Leadership Development Program (LDP): For high-potential employees identified via the annual talent review.
- External training/certification sponsorship available subject to Department Head and HR approval.

2.11.1 Training Effectiveness Evaluation

Post-training assessments and 90-day on-the-job effectiveness reviews are conducted by supervisors to measure knowledge retention and application, feeding into the annual Training Needs Analysis (TNA).

2.12 Performance Appraisal Guideline

Document Code	OIL-HR-020	Effective Date	01 Jan 2026
Version	3.3	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

Performance is formally evaluated twice yearly (mid-year and annual review) using a balanced scorecard combining KPI achievement (70%) and competency assessment (30%).

Rating	Description	Increment Eligibility
Outstanding	Consistently exceeds all targets	Top increment band + bonus multiplier
Exceeds Expectations	Surpasses most targets	Above-average increment
Meets Expectations	Achieves core targets	Standard increment
Needs Improvement	Falls short of key targets	Performance Improvement Plan (PIP)

2.13 Exit Policy

Document Code	OIL-HR-022	Effective Date	01 Jan 2026
Version	2.7	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

This policy governs the resignation, clearance, and full-and-final settlement process for departing employees.

- Notice period: 1 month (staff), 2 months (management grade), as per employment contract.
- Exit interview conducted by HR to capture feedback and reasons for separation.
- Clearance from IT, Finance, Admin, and respective Department Head required before final settlement.
- Full-and-final settlement, including unused Earned Leave encashment and gratuity, processed within 30 days of the last working day.

2.14 Holiday Calendar

Document Code	OIL-HR-023	Effective Date	01 Jan 2026
Version	1.0	Policy Owner	Head of HR
Classification	Internal Use Only	Review Cycle	Annual

The annual Holiday Calendar is published each December for the upcoming year, comprising national public holidays and Company-designated festival holidays, and is communicated via the HR intranet and notice boards at all locations.

- International Mother Language Day, Independence Day, Bengali New Year, May Day, National Mourning Day, Victory Day — observed per the Government Gazette.
- Eid-ul-Fitr and Eid-ul-Azha — 3 days each, dates subject to moon sighting confirmation.
- Other religious holidays observed per the Government-notified holiday list for the relevant year.

3A. Finance Department — Additional Policies

Finance Department

3.3 Cash Management SOP

Document Code	OIL-FIN-009	Effective Date	01 Jan 2026
Version	2.2	Policy Owner	Chief Financial Officer
Classification	Internal Use Only	Review Cycle	Annual

This SOP governs the handling of petty cash and cash-in-transit across Company locations to minimize risk of loss or misappropriation.

- Petty cash float capped at BDT 30,000 per location, replenished on an imprest basis.
- Daily cash reconciliation performed by the Cashier and countersigned by the Accounts Officer.
- Cash-in-transit above BDT 100,000 must be accompanied by security escort.
- Surprise cash counts conducted monthly by Internal Audit.

3.4 VAT & Tax Guideline

Document Code	OIL-FIN-011	Effective Date	01 Jan 2026
Version	2.8	Policy Owner	Head of Tax & VAT
Classification	Internal Use Only	Review Cycle	Annual

This guideline ensures compliance with the Value Added Tax and Supplementary Duty Act, 2012, and Income Tax Act provisions applicable to the Company's manufacturing and trading operations.

- Mushak-6.3 VAT invoices issued for all applicable sales transactions via the integrated VAT module.
- Monthly VAT return (Mushak-9.1) filed by the 15th of the following month.
- Withholding tax (AIT) deducted at source on applicable vendor payments per NBR SRO rates.
- Annual corporate tax return filed within the statutory deadline, coordinated with external tax advisors.

4A. Procurement Department — Additional Policies

Procurement Department

4.2 Supplier Agreement & Material Specification Guideline

Document Code	OIL-PRC-006	Effective Date	01 Jan 2026
Version	2.4	Policy Owner	Head of Procurement
Classification	Internal Use Only	Review Cycle	Annual

Standard Supplier Agreements define commercial terms, quality expectations, and penalty clauses for non-performance, and are mandatory for all vendors supplying raw materials or packaging on a recurring basis.

- Minimum contract duration: 1 year, renewable upon satisfactory vendor scorecard review.
- Material Specification Sheets (MSS) issued for each approved raw material, defining acceptable quality parameters, tolerances, and testing methods.
- Non-conforming deliveries are subject to rejection, replacement, or price deduction per agreed terms.

5A. Manufacturing Department — Additional Policies

Manufacturing Department

5.3 Maintenance Schedule & GMP Guideline

Document Code	OIL-MFG-009	Effective Date	01 Jan 2026
Version	3.0	Policy Owner	Head of Engineering
Classification	Internal Use Only	Review Cycle	Annual

Preventive maintenance is scheduled to minimize unplanned downtime and ensure Good Manufacturing Practice (GMP) compliance across production equipment.

Equipment Category	Maintenance Frequency
Production Line Machinery	Weekly inspection, monthly preventive service
Boilers & Utilities	Daily check, quarterly certified inspection
Weighing & Measuring Instruments	Calibration every 3 months
HVAC & Air Handling Units	Monthly filter check, bi-annual full service

GMP compliance requires documented cleaning schedules, pest control logs, and personnel hygiene checks, reviewed jointly by Manufacturing and QA on a monthly basis, in line with HACCP principles for applicable food-grade production lines.

6A. Quality Assurance — Additional Policies

Quality Assurance Department

6.3 Inspection Checklist & Lab Procedure

Document Code	OIL-QA-012	Effective Date	01 Jan 2026
Version	2.1	Policy Owner	Head of Quality Assurance
Classification	Internal Use Only	Review Cycle	Annual

Standardized inspection checklists are used at each quality checkpoint (IQC, IPQC, FQC) to ensure consistent evaluation criteria across shifts and product lines. Laboratory procedures require calibrated equipment, documented test methods traceable to recognized standards (BSTI/ISO), and dual sign-off for critical test results before batch release.

7A. Supply Chain — Additional Policies

Supply Chain Department

7.2 Distribution & Inventory Policy

Document Code	OIL-SCM-007	Effective Date	01 Jan 2026
Version	2.6	Policy Owner	Head of Supply Chain
Classification	Internal Use Only	Review Cycle	Annual

Distribution routes are optimized by the Supply Chain Planning team based on demand forecasts and distributor order patterns. Minimum and maximum inventory thresholds are maintained at each warehouse to balance service levels against holding cost, with automatic replenishment triggers in the WMS when stock falls below the reorder point.

8A. Sales & Marketing — Additional Policies

Sales & Marketing Department

8.2 Pricing Policy

Document Code	OIL-SLM-008	Effective Date	01 Jan 2026
Version	2.0	Policy Owner	Head of Sales
Classification	Internal Use Only	Review Cycle	Annual

Retail and trade pricing is set centrally by the Pricing Committee based on cost-plus margin analysis, competitive benchmarking, and market elasticity studies. Any temporary trade discount or promotional pricing requires approval from the Regional Sales Manager and Finance, and must be documented in the relevant Trade Circular.

9A. IT Department — Additional Policies

IT Department

9.2 Asset Management & VPN Policy

Document Code	OIL-IT-006	Effective Date	01 Jan 2026
Version	1.9	Policy Owner	Head of IT
Classification	Internal Use Only	Review Cycle	Annual

All IT assets (laptops, desktops, mobile devices) are tagged and tracked in the Asset Management register from procurement to disposal. Remote access to internal systems is permitted only via Company-approved VPN with MFA enabled; split-tunneling and use of personal devices for VPN access are prohibited unless explicitly authorized by IT Security.

10A. Administration — Additional Policies

Administration Department

10.2 Office Asset Policy

Document Code	OIL-ADM-005	Effective Date	01 Jan 2026
Version	1.7	Policy Owner	Head of Administration
Classification	Internal Use Only	Review Cycle	Annual

All office furniture, fixtures, and general (non-IT) equipment are recorded in the Fixed Asset Register maintained jointly by Administration and Finance. Physical asset verification is conducted annually, with discrepancies reported to Internal Audit. Employees are responsible for the proper use and care of assets assigned to them, and any loss or damage due to negligence may be recovered as per Company policy.

10.2.1 Asset Disposal

Assets deemed obsolete or beyond economical repair are disposed of through an internal auction or approved scrap vendor, following sign-off from the Administration Head and Finance, with proceeds recorded against the relevant cost center.

11A. Legal Department — Additional Policies

Legal Department

11.2 Contract Templates & NDA Guideline

Document Code	OIL-LEG-005	Effective Date	01 Jan 2026
Version	2.1	Policy Owner	Head of Legal Affairs
Classification	Internal Use Only	Review Cycle	Annual

The Legal department maintains a library of standard contract templates — including Vendor Agreements, Distributor Agreements, Employment Contracts, and Non-Disclosure Agreements (NDAs) — to ensure consistency and reduce legal risk in commercial dealings.

- Mutual NDAs are required before sharing pricing, formulation, or strategic information with any external party, including prospective vendors and consultants.
- Non-standard clauses proposed by counterparties must be reviewed and approved by Legal before acceptance.
- All executed agreements are digitally archived with searchable metadata (counterparty, effective date, expiry, renewal terms) in the Central Contract Repository.

12A. Compliance Department — Additional Policies

Compliance Department

12.2 ISO & BSTI Compliance Guideline

Document Code	OIL-CMP-008	Effective Date	01 Jan 2026
Version	2.3	Policy Owner	Head of Compliance
Classification	Internal Use Only	Review Cycle	Annual

The Company maintains certification against ISO 9001 (Quality Management), ISO 22000 (Food Safety Management, where applicable), and relevant BSTI product standards. Internal audits are conducted quarterly by the Compliance team, and external surveillance audits are scheduled annually by the certifying body.

- Non-conformances raised during audits are tracked through the CAPA system (Section 6.2).
- BSTI product licenses are renewed prior to expiry, with a tracking dashboard maintained by Compliance.
- Management Review Meetings are held bi-annually to evaluate overall QMS/FSMS effectiveness.

13A. Management — Additional Documents

Management / Strategy Office

13.2 Strategic Plan Summary

Document Code	OIL-MGT-015	Effective Date	01 Jan 2026
Version	1.5	Policy Owner	Strategy & Planning Office
Classification	Internal Use Only	Review Cycle	Annual

The Company's rolling three-year Strategic Plan is reviewed annually by the Board and Senior Management team, covering market expansion priorities, capacity investment, digital transformation initiatives, and sustainability commitments. Departmental heads submit annual operating plans aligned to the strategic pillars, which feed into the KPI framework described in Section 13.1.

14A. Product Department — Additional Documents

Product Department

14.2 Ingredient List & Packaging Standards

Document Code	OIL-PRD-007	Effective Date	01 Jan 2026
Version	1.9	Policy Owner	Head of Product Development
Classification	Internal Use Only	Review Cycle	Annual

Approved ingredient lists are maintained per product SKU, sourced only from vendors on the Approved Vendor List (Section 4.1.3), with allergen declarations reviewed and updated whenever a formulation change occurs. Packaging standards specify material type, printing specifications, barcode placement (per GS1 standards), and mandatory regulatory labeling elements including manufacturing date, batch number, and expiry date.

15A. Research & Development — Additional Documents

R&D Department

15.2 Formula Documentation Standard

Document Code	OIL-RND-006	Effective Date	01 Jan 2026
Version	1.6	Policy Owner	Head of R&D
Classification	Internal Use Only	Review Cycle	Annual

Master formulation records are maintained under restricted access in the R&D document vault, with version control tracking every formulation change, the rationale for the change, and approval sign-offs from R&D, QA, and Regulatory Affairs. Formula documentation is classified as Confidential and is subject to the data protection provisions of the IT & Cyber Security Policy (Section 9.1).
